

PG DIP in Social Work Practice Teaching, Supervision & Management

COURSE OVERVIEW: 1 Year, Part Time.

Average intake: 10. This course is designed for social workers who are interested in advancing their professional training. It develops the skills and knowledge of social workers who teach student social workers in the agency/placement setting. It is also relevant for those professional social workers currently taking or giving supervision. In addition the management section of the course will offer the opportunity to explore management models and practices within varied social work settings.

The programme is offered in a blended learning format, taking in traditional and technological concepts of teaching and learning. This will lead to participants acquiring an excellent academic theoretical framework on relevant theories, policies and practices. New perspectives will also be achieved on computer-based distance learning techniques and practical competence while supervising a student on placement.

PROGRAMME SCHEDULE:

The programme content for this Post Graduate Diploma in Practice Teaching, Supervision and Management is divided into two main categories: The taught and e-learning component of the course in Semester 1 and the supervised placement and portfolio component in Semester 2.

Semester 1

Advanced Practice Teaching
Advanced Supervision

Semester 2

MSW Student supervision Jan–April (participants practice teach a student (MSW1) in their Agency).
